

DREAMS OF EASY

[verse 1]

Right from when our love began we thought we had it won
When we both swore to each other, darling you're the only one
We felt so safe and satisfied, lying in our bed
Working on the loving and the dreaming in our heads

It all seemed so simple and right to be there
We held to each other, we didn't have a care
We didn't have one care

[chorus]

Ah, ah, ah
Dreams are easy when they're sweet
Oh, oh, oh
Dreams that make you feel complete
Ah, ah, ah
Dreams you never want to leave
Oh, oh, oh
Dreams I foolishly believed

[verse 2]

So our dreams they have weathered like a ship come thru a storm
Our life of easy loving is tattered and torn
I don't know where it is that you put your head tonight
It just feels completely wrong with grief holding me tight

Life's become confusing and nothing seems quite right
Without you here with me as I turn off the light
Turn off the light

[repeat chorus]

[verse 3]

Be careful what you're dreaming when you're starting down the road
Or where it takes you to, you may find a heavy load
No one gets to travel two roads very far
Once you've gone down one going back becomes too hard

I could cry that I've been cheated out of what I once had
But I won't find true voices saying, oh that's too bad
Oh really that's so sad

[chorus coda]

Ah, ah, ah, ah, ah, ah, ah
Dreams are easy when they're sweet
Oh, oh, oh
Dreams that make you feel complete
Ah, ah, ah, ah, ah, ah, ah
Dreams you never want to leave
Oh, oh, oh
Dreams I foolishly believed

Ah, ah, ah, ah, ah, ah, ah, ah
Dreams that now cause me such grief
