

There's no sheet music for WHO AM I [RAP] as it could use what is on the non-rap version. But I believe that this version of WHO AM I, which varies in the chorus from the other version, could be more rap. Either the verses could be rap with the chorus a kind of rap melody or the other way, the verses a melody with the chorus rap. I like the chorus phrase "who am I-I-I-I-I" as I hear the I-I-I-I-I rapped like a machine gun spitting out bullets. It's pronounced who am AH-AH-AH-AH-EYE. Note also that some verses could be eliminated to make the song the desired length.

WHO AM I [RAP]

[verse 1]

Pictures of me everywhere
Everyone can see
My face, my hair, the clothes I wear
Wherever I may be

In my house or on the road
Going out or coming back
In a crowd or just alone
Dressed in white or black

[rap chorus 1]

Who am I, who am I, who am Ah-Ah-Ah-Ah-I
Who am I, who am I, it's the question that I ask
Who am I, who am I, who am Ah-Ah-Ah-Ah-I
Who am I, who am I, what lies behind the mask

[verse 2]

Sometimes day and sometimes night
Outdoors or inside
A sky so blue, a moon so bright
Standing or on a ride

The scene keeps changing all the time
A never-ending show
But inside me's a different rhyme
Things I don't yet know

[rap chorus 2]

Who am I, who am I, who am Ah-Ah-Ah-Ah-I
Who am I, who am I, it keeps changing as I go
Who am I, who am I, who am Ah-Ah-Ah-Ah-I
Who am I, who am I, I'll search until I know

[verse 3]

Twists and turns as days go by
From young to getting old
I get distracted by this life
My search sometimes grows cold

But something always brings me back
To look down deep inside
To find these things I can't describe
No matter where they hide

[repeat rap chorus 1]

[verse 4]

I let my search always expand
Leave what I've found behind
Journey down inside myself
There's always more to find

Endlessly my quest goes on
To find what's in my soul
A search for what will set me free
The truth that can't grow old

[repeat rap chorus 2]
